Butts Bridge Boat Launch

Trail Length 61 ft (19 m)

Linear trail

Gradual slope to the water. There is room for many cars. You can pull up car right to the water's edge. The take-out itself is a nearly flat firm surface into the flatwater of Aspinoak Pond. Anglers launch power boats here too so it can be busy during weekends. There are no public restrooms.

The still water of the river and the easy access make this an excellent place for novice paddlers to learn new skills safely. The scenery is less dramatic than upriver, but you may see Bald Eagles and Osprey.
